Hello All,

First, I would like to congratulate Kathy and John on their CPR save---
You are both amazing and I am so honored to have you on our service!

I wanted to take a moment to address some items from the last meeting:

When you elected me as Captain this March I was up front with everyone in that our work would keep me away from meetings this Summer. As per our bi-laws, and our agreement in my acceptance of the Captain position our 1st Lieutenant will be assuming my duties as captain in my absence.

I would also like to bring attention to section three paragraph two which states that "All members will act, at all times, and in all circumstances, with dignity, politeness and responsibility. Members will be expected to conduct themselves, at all times, in a manner as to command the respect of their fellow members and the general public."

I would like to remind everyone that this includes our meetings. This is a very serious matter as our ability to work with one another directly effects our ability to save lives.

Our regular meeting this month will not be held on the regularly scheduled date, but be held on August 25th at 7:00pm.

In regards to the special meeting request/audit our representative from the state said that according to SAF-C 5903.01(k) "Investigation information shall be confidential." We expect to hear back within the month from the State and as soon as we have an official word we can hold a special meeting to discuss.

Our community is a better place because of your dedicated service.
Thank you so much for all your time and efforts to save lives,

April Dugan
Captain
Grafton Volunteer Ambulance
